DESDE 1771

ANNOUNCEMENT

NOTICE OF STRIKE AT PORTUGAL PORTS

Please be advised that a nationwide General Strike has been called by major unions in Portugal for 03 June 2026.

While the full impact remains uncertain, disruptions are expected across public services, including Customs, as well as port operations. One of the unions representing Port Administration workers has also issued a strike notice, which may affect:

- Pilotage
- Pilot launch services
- VTS
- Other port activities

Please note that, depending on shift schedules, the strike may start earlier or extend beyond 03 June, if the majority of a worker's shift falls within the strike period.

Stakeholders are advised to plan accordingly, as delays and service disruptions may occur.

We are free to assist!
